conservation and awareness. The link between conservation and ecotourism can be viewed as an economic safeguard: without taking the effort to protect the wildlife that attracts ecotourists, popular ecotourism destinations do not practice a sustainable business model. However, the staff at popular ecotourist

The term ecotourism, therefore, refers on one hand to a concept under a set of principles, and on the other hand to a specific market segment. The International Ecotourism Society (TIES) (previously known as The Ecotourism Society (TES)) in 1991 produced one of the earliest definitions: "Ecotourism is responsible travel to natural areas
