A landscape is a visual perception, the way in which we experience our environment through our eyes. In this provocative book Douglas Porteous ventures far beyond the visual into the myriad other sensory and existential perceptions -- otherscapes -- through which we encounter the worlds around and within us.

a person's mind (or heart, soul, whatever, but not their physical body). Similar to Dream Land and Cyberspace, a Mental World does not follow the regular laws of physics, and may ignore or respond badly to characters trying to use logic or force. This world is usually entered by some type of telepathy, either magical or technological; if the ...

Mind Your Distance MM
Yu Video, 5 min. 2020

“Along with the many changes the world is undergoing is the transformation of the urban landscape. It has become the subject of many portrayals that represent feelings of desolation and grief, as documented in images of empty spaces and streets.
