of how human speech sounds are combined and used in languages.

The two main components of phonology that are covered on Linguisticsnetwork are classifying phonemes according to distinguishing features, and analyzing data to observe how they interact with each other.

English is not a phonetic language. So we often do not say a word the same way it is spelled. Some words can have the same spelling but different pronunciation, for example: I like to read [ri:d]. I have read [red] that book. Some words have different spelling but the same pronunciation, for example:

English is not
