I am focusing on studying Math and so often there are practical word problems that involve physics and I would go to a physics text book to get a better idea of what I'm looking at. At my University, where I take classes once in a while on the Senior Program, I bought a "University Physics" book by Young and Freedman published by Pearson. Well Pearson Publishing sucks. The book is horrid. the ...

Advanced; Basic; The Electromagnetic Spectrum.  
The electromagnetic (EM) spectrum is the range of all types of EM radiation. Radiation is energy that travels and spreads out as it goes – the visible light that comes from a lamp in your house and the radio waves that come from a radio station are two types of electromagnetic radiation. The other types of EM radiation that make up the ...
